IP Video Surveillance:
Why Clare Controls?

- Simple installation - reduce install time and costs

- Zero router configuration for both local and remote access

- Flexible storage - SD cards and NVRs can scale from days to weeks

- Profitable - high margins and cannot be shopped online

- Complete line - cameras from $99, NVRs, SD cards, mounts, and more

- Drivers for 3rd- party control systems - Clare, Crestron, Savant, Control4
