## Resolved issues

The following issues have been resolved in the ClareHome 9.1.2 release.

### Resolved issues

Bug #	Resolution
-------	------------

#### ClareHome

#### Android and iOS

DAP-655	Sunrise/Sunset schedules display on the correct day.
DAP-690	Devices with the character “/” in the UID can now be modified/removed in the app.
DAP-762	Creating a new Schedule saves the “When” information when navigating away from the “When” tab.
DAP-769, 770	Fix for ungrouping rooms that can't be ungrouped.

<b>Bug #</b>	<b>Resolution</b>
DAP-774	Email sign in now accepts email addresses containing the “!” character.
DAP-778	Native Android back button functions correctly.
DAP-779	There is no longer a missing day in the schedules view when using different time zones.
DAP-802	Dimmers display the percentage instead of the status “on” when set to 100%.
DAP-809, 836	Zone List - Priorities - Normalize the priority of zone displayed in zone list between apps and panel.
AIT-477	The zone status indicator is now orange when Arming Stay, matching the ClareOne panel status.
DDB-1506	Automations using Notification Actions now display in the apps correctly.
DDB-1459	The user can no longer save schedules with an invalid end date. For example, a schedule with an end date of “September 12” cannot be saved if the start date is “September 13”.
DDB-1460	When editing an action, pressing cancel now reverts changes made.
DDB-1488	An error displays when attempting to save a schedule on a ClareOne with no location set.
DDB-1560	Corrected when creating thermostat commands.
DDB-1562/1518	Names are now represented correctly in the Summary page for “Do This” actions.
DDB-1655	Fixes an issue in schedules regarding a missing value that previously would not allow the user to continue.
DDB-1672	Corrected the “Security Arming” message for “Do This” actions.
<b>iOS only</b>	
DAP-37	The iPad tiles display correctly in portrait/landscape mode.
DAP-741	App no longer crashes when tapping on Remove Playlist. (intermittent)
DAP-745	Corrected iPad grid view sizing.
DAP-768, 770	Music unable to authorize HEOS from the ClareHome app.
DAP-785	Improvements for iOS 14 support.
DAP-807	The Clare Video Doorbell v3 stream displays in a reasonable amount of time on iOS 14 devices
DAP-808	The app no longer crashes when removing multiple Actions.
<b>Android only</b>	
DAP-760	Playlists now refresh after removing songs/lists.
DAP-872	App no longer crashes when creating an Action.
